GS10- Implement circular, green and socially responsible procurement

Course objectives: This training aims to develop advanced competencies in sustainable procurement aligned with EU Green Deal objectives, focusing on the application of circular economy principles, life-cycle costing, and ESG criteria in procurement processes.

Target group: VET students, Procurement officers, Entrepreneurs, Organisations' active workforce, Sustainability managers, Public administration staff.

Format and Duration: 8 hours online + 17 hours onsite

Why this course? Participants will learn to understand the EU regulatory framework for green procurement, apply circular economy and life-cycle costing approaches in tenders and contracts, and evaluate suppliers based on sustainability and ESG performance criteria.
